

Family Session Shoot Guide

Are your walls looking a little bare, have you no photos of everyone together, or are there some new additions to the family? Here at Studio 8 we can produce a great selection of images that will capture the atmosphere of your session.

**“We like to have a bit of fun
in the studio and get
everyone involved, not just
the kids!”**

Your session in the studio will be informal, relaxed and full of fun, as we want to create more of a natural image of your family. We will invite you back in for a viewing, where you will get to see the fantastic images we took in the session. Included in the **Standard** session is the studio time, a viewing, a CD-rom slideshow and a 7”x5” mounted and framed print.

standard sessions are priced at £65 and our **mini** sessions are £25. Call us to book a session and if you have any questions don't hesitate to ask – 01865 842525

Tips on how to get the **best** out of your **family** session

- Bring all the family – One or two family members may not like getting their photo taken but get them to come along as it is always much better to have everyone in the photos, rather than just a few.
- Choose a time that suits everyone – If you have young children or babies; please consider a time when they will be active and alert. If they need food or sleep it may hamper the images.

“...please consider a time when the little ones will be active and alert”...

- Think about clothing – We advise you to wear bold, vibrant colours as the contrast against the white background works very well. Wearing all the same colour is ok and shows unity but it makes for a stronger image if you don't.
- Have some hobbies? – If you or the kids are interested in some hobbies why don't you incorporate them into the session i.e. a guitar, football, dancing costume.
- Be ready to have some fun – Have an open mind before you come in for your session. We like to have a bit of fun in the studio and get everyone involved, not just the kids!
- Bring along anyone who is interested in seeing the images to the viewing – It is great when you see your own images on the big screen, if anyone else is interested in seeing them bring them along too. * Terms and conditions apply – Offer can be changed without notice *
